Introduction

Ohio does not make the claim that there are MORE Polled Shorthorns within its borders than any other state, but it does claim that there are more GOOD ONES . . . and the records prove it. Because the cattle offered in the past shows and sales held under the auspices of this association have met with such apparent appreciation, the members of the Ohio Polled Shorthorn Breeders' Association have redoubled their efforts this year in order to provide further proof that this state is the BEST source of supply for the kind that will improve the breed. Many important facts will be apparent to those who study this 1945 sale catalog and who inspect the offering on sale day. Most apparent will be the fact that there are more sons of International grand champion bulls in service in Ohio than in any other state and that these sires are prepotent. The thirteen bulls will make future Polled Shorthorn history. The twenty-eight females are among the best that have been offered or that will be offered this year. The consignors invite you to come early to the show so that you may have ample time to study all the cattle that are to be sold. Such a study, coupled with a study of the rich bloodlines shown in this catalog, will convince anyone that this offering provides rare buying opportunities.

HAL LONGLEY, Sale Manager

Collynie Commander x—A second prize winner at Ohio State Show this year. We were fortunate enough to buy this dam, Jessie x, from Albert Hultine of Saronville, Neb. where she was one of their best brood cows. She was the dam of one of the top selling females in their 1943 sale; another heifer from this same dam was sold in the National Sale at Columbus and bought by H. L. Straus. Look this bull over carefully on sale day. He should head a top herd of cattle.

Oakwood Royal Captain x is siring calves of outstanding merit and is proving to be one of the best bulls ever used in the herd at Lehnert Stock Farm. Lot 4 in this sale is one of his sons that is certain to breed on like his sire. The heifer being offered by Lehnert & Son will be sold with the privilege of mating to Oakwood Royal Captain x.

Misty's Rosewood x is the daughter of an Isler bred Rosewood, the bottom of whose pedigree is the original Rosewood cow. She is a red and a beautiful heifer in every respect.

Polled Shorthorns offer many advantages, the most outstanding being the natural hornless feature which saves the wear and tear of the dehorning job and the resultant losses to both cattle and owners. Add safety in feedlots and pastures, lower losses in shipping, and all the superior qualities of the Shorthorn, namely, greater weight for age . . . adaptability to all cattle-producing conditions . . . large flow of milk . . . quick profits—and you have a breed that can't be beaten as America's No. 1 farm investment. No little advantage is the strong demand which assures a good market for all surplus stock produced.

And the best place to buy the RIGHT KIND of Polled Shorthorn seed stock is in OHIO.

Misty's Red Crocus x is another red daughter of Ceremonious Lady, the Illinois champion the year I bought several cattle. Her calves have already sold at top prices and Misty's Red Crocus is by far the best thing she has ever produced. She is short legged, neat, thick over the heart with a good looking head, although it isn't perfect, some white on the belly. All in all, she is a right good heifer.

Right—Oakwood Gloster B x, top selling female of the Teegardin sale the year she was purchased by Dr. Parke G. Smith. She is the dam of Misty's Real Gloster x, Lot 20 in this sale.

Misty's Real Gloster x, a daughter of Oakwood Gloster B, the top selling female of the Teegardin sale the year she was sold. There will not be a thicker hearted or a better headed heifer sold this year. In addition she is blocky and smooth from nose to tail set. She is such a dark roan that I almost registered her as a red. My only reason for selling this heifer is that I already have several 34th and 37th Duchess of Gloster matrons in my herd and want to convert this heifer into one equally as good with a different pedigree, but I don't know where I am going to find it.
